- Türkiye / İstanbul
- ozanguneyli@outlook.com
- +90 543 644 3344
- @ozanguneyli
- @ozanguneyli
- portfolio

SKILLS

Programming - Python, SQL, Java, R, C#

Machine Learning - Scikit-learn, TensorFlow, PyTorch, Keras

Data Analysis - Pandas, NumPy, Matplotlib, Data Cleaning & Feature Engineering

Tools - Git, FastAPI, Docker, Qdrant, Redis, SQLAlchemy, Alembic, Pydantic

AI KNOWLEDGE

Machine Learning

Deep Learning

Image Processing

Natural Language Processing (NLP)

Large Language Models (LLM)

LANGUAGE

Turkish - Native

English - C1

CERTIFICATES

[IBM Machine Learning Certificate](#)

[IBM Data Analyst Certificate](#)

[Google Data Analyst Certificate](#)

OZAN GÜNEYLİ

ABOUT ME

I am a Computer Engineering student aiming to build my career in data science and artificial intelligence. I am particularly interested in data-driven projects in AI. I have worked on NLP, image processing, and LLM-based RAG systems. My goal is to use AI and machine learning methods to improve prediction and decision-making processes.

WORK EXPERIENCE

ETIYA

Intern - Full Stack Engineer

08/2025 - 09/2025

- I was part of the team developing an agentic RAG-based CV analysis platform. We built a scalable system with semantic search and Q&A features using FastAPI, Vue3, and integrations with Redis, Qdrant, and S3.

ETIYA

Intern - AI Model Development

07/2024 - 08/2024

- Built sentiment analysis and maintenance/churn prediction models with Qdrant and Python libraries, packaged as a reusable Python library.

ARF

AI Engineer

10/2024 - 11/2024

Worked on data science and image processing projects, focusing on data analysis, classification, and object detection.

GENARION

AI Engineer

01/2025 - 03/2025

- Worked on AI-based tracking systems for real-time object detection, motion prediction, and depth analysis.

EDUCATION

Kırıkkale University

Computer Engineering | Bachelor's Degree
